## ▶ HAND SANITIZER PRODUCT LIST

PRODUCT NAME	PRODUCT SIZE	PRODUCT CODE
<b>ECOCARE™ 360</b>	8 X 1200 ML	<b>6300561</b>
	4 X 1250 ML	<b>6301263</b>
	6 X 2 LITER	<b>6301813</b>
	4 X 3.78 LITER	<b>6301814</b>
	6 X 750 ML	<b>6301815</b>

The WHO recommends using soap and water or an alcohol based hand sanitizer to thoroughly clean hands.<sup>1</sup> While EcoCare 360 is not an alcohol based hand sanitizer it may provide some benefit if soap and water are not available.

Follow your existing cleaning & sanitizing processes. Should there be a need to do a viricidal disinfection, follow the concentration and time listed in the table above for the applicable product. Follow this with the normal cleaning & sanitizing program to remove any residues that might be left from the viricidal disinfection.
